¹ These learning outcomes have been accepted by the Dana School of Music Assessment committee but the faculty has not ratified the changes. It was decided that we would finalize the LOs after the curriculum map was completed.

² Lower case letters refer to student learning that is not assessed. Upper-case letters reflect assessed outcomes.

³ Due to scheduling difficulties, students often do not take the MUHL 3771-4 courses in order.

⁴ The sixth semester of applied study (private lessons) coincides with the Junior Recital.

⁵ Further assessment of student learning is assessed via results of the Praxis exam, which all music education majors must pass.

⁶ Coincides with Senior Recital.
